Federal and state level input/overrides are available to adjust any affected lines on the tax return. (29243)

- Form 8867. Preparers must meet specific due diligence requirements set forth in Treasury Regulations when preparing returns and claims for refund involving any applicable credits or HOH filing status. To meet these due diligence requirements, additional questions may need to be asked and additional information may need to be obtained to determine eligibility for and the amount of the EIC, AOTC, CTC/ACTC/ODC and HOH filing status. Failure to meet the EIC, AOTC, CTC/ACTC/ODC, and HOH filing status due diligence requirements could result in a \$600 penalty for each failure. See section 6695(g) and Temporary Regulation section 1.6695-2T. (20053)

Using SSN instead of PTIN may subject the paid preparer to penalties and you will likely be contacted by the IRS if you choose to file without a PTIN. For more information about PTINs or for PTIN renewal, please visit www.irs.gov/ptin.

Form: 114 eFile

- Form 114 Electronic Filing. Form 114 (FBAR) is active in this return and not suppressed, but electronic filing of this form is not turned on. Electronic filing of Form 114 is mandated for all returns filed after June 30, 2013, and failure to comply is subject to penalties. Please make sure electronic filing is turned on and the option on Interview Form EF-1 to suppress electronic filing of this form has not been selected. If the preparer chooses not to file FBAR return electronically using the software, FBAR returns may be filed electronically online using FinCEN's electronic filing system at the following website: <http://bsaefiling.fincen.treas.gov>. Return Information

Form: CA 540-ES Wk

- California. The California legislature has enacted a budget that accelerates the payment of quarterly estimated taxes for tax year 2024. The quarterly estimated tax payment percentages are: First Quarter - 30%, Second Quarter - 40%, Third Quarter - 0%, Fourth Quarter - 30%. Payment amounts may be overridden on Interview Form CA5. (33114)

Form: CA 540

- California. The California return contains 2D barcodes, scannable representations of the tax return data. The barcodes are generated during the calculation phase based on the results of the return. Therefore, any handwritten additions, deletions or revisions made to the return will not be reflected within the 2D barcodes, and consequently, for filing purposes. If changes to the tax return are necessary, they should be made through the software, and the return recalculated so that the 2D barcodes are a complete and accurate representation of the tax return data. In addition, the return containing the 2D barcode should be submitted in the form order provided by the software, as an incorrect collation may hinder the processing of the tax return. Forms watermarked "Do Not File" should not be filed, as the printed versions, including the 2D barcode, have not been approved by the taxing authority. To avoid delays in the processing of tax returns, the Franchise Tax Board requests that all mailed tax returns are printed single sided only. Duplex printed tax returns can increase the amount of time to process the return. (33472)

IMPORTANT: In most cases, the Franchise Tax Board (FTB) can figure the penalty for you and you do not have to complete this form. See General Information B.

If you meet **any** of the following conditions, you do not owe a penalty for underpayment of estimated tax. **Do not complete or file this form if:**

- The amount of your tax liability (not including tax on lump-sum distributions and accumulation distribution of trusts) less credits (including the withholding credit) but not including estimated tax payments for either 2022 or 2023 was less than \$500 (or less than \$250 if married/RDP filing a separate return).
- Your 2022 return was for a full 12 months (or would have been if you were required to file) and you did not have any tax liability on that return.
- The amount of your withholding plus your estimated tax payments, **if paid in the required installments**, is at least 90% of the tax shown on your 2023 return or 100% of the tax shown on your 2022 return (110% if California adjusted gross income (AGI) was more than \$150,000 or \$75,000 if married/RDP filing a separate return) **and** you are not using the annualized income installment method. Taxpayers with California AGI equal to or greater than \$1,000,000 (or \$500,000 if married/RDP filing a separate return) must use the tax shown on their 2023 tax return if they do not meet one of the two conditions above.

Part III Annualized Income Installment Method Schedule.

Use this schedule ONLY if you earned taxable income at an UNEVEN RATE during 2023 (see Example A). If you earned your income at approximately the same rate each month (see Example B), then you should not complete this schedule. If you choose to figure the penalty, see Worksheet II, on page 4 of the instructions.

Example A: If you were a commissioned salesperson who earned no income during the first three months of the year, earned most of your income during the following six months, and earned very little during the last three months, you should complete this schedule. You may be able to benefit by using the annualized income installment method. The required installment of estimated tax figured using the annualized method may be less than your required installment figured using the required installment method.
